

Etac Molift Smart 150

Light and foldable without tools.

Compact smartness

Etac Molift Smart 150 is designed to be easily wheeled and transported to where it is required. It is primarily suitable for use in home care, for travelling or to be easily stored away.

Molift Smart 150 has a unique construction that distributes weight evenly and together with the compact footprint makes it easy to maneuver even in narrow spaces.

Comfortable and safe transfer

The lifting range of 27 – 168 cm (10.6" – 66.1") provides an excellent maximum lifting height and at the same time gets very low, facilitating lifting from the floor. Standard 4-point sling suspension ensures a comfortable and spacious lifting position for the user.

Molift Smart 150 has been awarded for Design Excellence by the Norwegian Design Council.
