

”Makes it easy  
to reach the washbasin ”

## ROPOX SWINGLINE

### A FLEXIBLE WASHBASIN THAT MAKES IT EASY TO WASH HANDS

The swing washbasin is recommended for both seated and standing users. You can adjust the height and rotate it 180°, and you can pull it to the user.

Walking-impaired users are particularly content with this washbasin because it can be pulled to the toilet. This means that they do not have to get up to use it, but instead, they can safely wash their hands while seated on the toilet.

The swing washbasin is also very practical for wheel-chair users. You can move the basin when required, e.g. push the washbasin to the corner when you need extra room for turning the wheelchair.

The swing washbasins with a lifting unit can easily be adjusted in height when needed. The simple design without any dirt traps makes it easy to clean.

# ROPOX SWINGLINE

Height adjustment: 15 cm without Dock-In  
20 cm with Dock-In

Maximum load: 300 kg (max user load 200 kg  
in Dock-In and 120 kg without  
Dock-In cf. DS/EN 17966:2016)
