

”The optimum washbasin for both seated and standing users”

ROPOX SLIMLINE

WHEN YOU PREFER WASHBASIN AND MIRROR IN A COMBINED, SLIM AND ELEGANT SOLUTION

The SlimLine washbasin combines mirror and basin in one unit, and the mirror is therefore always at the right height no matter if you are sitting in a wheelchair or standing up. You adjust the height with a push on the control switch which is always within reach as it is located right under the mirror.

The Support washbasin gives good access and integrated handles that increases safety for users with limited physical capability.

The round corners of the SlimLine models minimize bacteria growth allowing you to keep a high hygiene level.
