

”Perfect working conditions
– regardless your height”

FLEXIELECTRIC/FLEXICORNER

YOUR TABLETOP WILL REACH NEW HEIGHTS

Electrical height adjustable system allows you to easily adjust the tabletop for the perfect working height for both persons sitting or standing.

Especially suitable for wheelchair users as the system allows you to instantly change the worktop height to suit your individual activity.

Corner solutions are also available with the Flexi systems so that the sink, hob and preparation area can be adjusted instantly together.

The Flexi systems are ideal for private homes, schools, training kitchens, nursing homes, homes for elderly people and for people with disabilities.

Ropox FlexiElectric and FlexiCorner solution.

FlexiElectric Corner – frame including worktop and fascia

ACCESSORIES

Support arms for work-
top, depth 34-72 cm
30-67619 – 30-67624

Cover for
plumbing
30-67635

Safety strip,
length 56-620 cm
30-69056 – 30-69620

Flexible
plumbing kit
40-25754

Sink A-400,
incl. insulation pad
30-45007 – 40x34x14.5 cm
30-45008 – 40x34x10 cm

Fitting for
concealment
panels
30-67760

Smart box
30-69002

Press Pad,
large,
14x7 cm
30-67841

Tips:

- In general the frame is 5 cm shorter than the tabletop.
- We recommend fascia height for 6-8 cm under the tabletop in order to hide the tabletop support arms.
- We always recommend safety stops for our electrical frames.
